## The Best Facial Ever: Thanks, Simply Face and Body

And, I'm not exaggerating.

Before you get on my case, style mamas, I know we're in a recession. I'm aware that budgets are tight. You're familiar with the \$200 facial that hardly anyone can splurge on at the moment. I hear ya! I'm right there with you, trying to hold onto my dough, attempting to save as much as possible, just in case (knock on wood).

Newsflash: Today, I got a \$59 facial. And, I'm not kidding.

I went to **Simply Face and Body** ([www.simplyfaceandbody.com](http://www.simplyfaceandbody.com)) in Ramsey, NJ. My skin never felt so beautiful. It was honestly the best facial I've had in my six years of getting facials! No joke, ladies!

Interested? Hopefully, you're in the North Jersey area. For first-timers, you can get a facial or massage for simply \$59!!! I couldn't believe it. Thereafter, you can return to the spa boutique for \$79 treatments ... Still, that's cheaper than the usual facial or massage, right?

Here's where it gets even more fun – seriously ... If you become a member, you pay \$49 per month. That will entitle you to one treatment (facial or massage) per month, and any additional treatments for that month will only set you back \$49. You'll also get great discounts (at the member price) for all sorts of grooming (waxing) services. Plus, if you're a member and don't have the time that month to take advantage of your monthly treatment, it rolls over to the next month.

I know for moms, facials are a rarity. Either you're too busy or it's too expensive (or both). Simply Face and Body is making it easier, not to mention more affordable for you. The spa boutique is streamlined – they have a no frills approach. You walk in, you get your treatment, and you leave. That way, you can get back to your kids and/or errands. It's perfect for moms on the go! There are no wet lounges, steam rooms or saunas, but what you get instead is something easy, quick and convenient.
